

## Parent Testimonials

“My experience with the St. Joseph community started in the early 90s when I entered Pre-K. Now, my son Xavier is in the 6<sup>th</sup> grade. Throughout my experience with St. Joseph School the teachers have always been attentive and always willing to help. The different extracurricular activities enable children to try new things and there is something for everyone. There are always new school activities, as well as, yearly traditions to look forward to. The diverse close-knit community is always something I valued at St. Joe’s. My hope is for my children to continue with traditions and make lifelong friends at St. Joes as I have.”

~ Ashley Webb, Parent of a 6<sup>th</sup> Grader

---

“Approximately 6 years ago we decided to send our son to St. Joseph, because we thought this would be the best school in the area to provide him a solid education. He started in PreK-4, he is now in 4th grade and thriving! The teachers are amazing; they encourage the kids to be independent and always be their best selves. They are always available to answer additional questions even after hours. Our son has participated in a music program where he learned to play the drums. He has played on the basketball team and learned the importance of being a team player. He loves all the extra activities, but meeting up with his friends for the Halloween dance is his favorite!”

~ Shantell Brown, Parent of a 4<sup>th</sup> Grader

" We love the culture and environment at Saint Joseph Elementary School. The school administration and staff are very devoted to the students. Our children love their teachers, Mrs. Dean and Mr. Williamson. A special thanks to both of them for all the hard work and extra time they dedicate to their students and classroom. We couldn't have chosen a better school for our children."

~ Jason and Zuleima, Parents of a Pre-K and Kindergarten students
